TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hollis, N. H. in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hollis, N. H. on Tuesday, the fourteenth day of March, next, at ten of the clock in the forenoon, to act upon the following subjects at 7:30 P. M.:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear reports of the Selectmen and other Town Officers and committees.
4. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will vote to accept State Aid for the construction of Class V roads; and appropriate the sum of \$1,062.59.
6. To see if the Town will vote to authorize the Selectmen to distribute blank inventories at the time of appraisal.
7. To see if the Town will vote to assess a fine of twenty-five cents on each Poll Tax not paid by December 1, 1961.
8. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the Merrimack Valley Regional Association.
9. To see if the Town will vote to raise and appropriate the sum of \$25.00 to be expended in co-operation with the N. H. Forestry & Recreation Commission, for forest fire protection.
10. To see if the Town will vote to raise and appropriate the sum of \$7,000.00 to be placed in the Capital Reserve Fund to be used for the purchase of a fire truck.

11. To see if the Town will vote to accept the newly constructed section of the Pine Hill Road, passing through the Ben Hogan property; of approximately 1240 feet in length and 50 feet wide. The old replaced section of road of approximately 1650 feet will then become part of and belong to the Ben Hogan property.

12. To see if the Town will vote pursuant to RSA 238:I to discontinue the Right of Way, running from the main road, through the land of the Hollis Congregational Church to the horse stall area behind the Hollis Public Library; and to authorize the Selectmen to deliver a quitclaim deed for the consideration of One Dollar (\$1.00) to the areas covered by said right of way on the land of the Hollis Congregational Church.

13. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 24th day of February, in the year of our Lord nineteen hundred and sixty-one.

A true copy of Warrant—Attest:

HAROLD FARNUM
RICHARD WALKER
RALPH J. HARDY
Selectmen of Hollis

The year 1960 for the Police Department has been a very busy one for not only the Police but also for the Selectmen. Besides having an increase on most every category of complaint, the Selectmen and this department have had meetings and have ironed out most all the problems that we mentioned in our report of last year. The one major problem that we have is the lack of space. The Police Dept. should have a room in the town hall, but as of now the situation in the town hall is such that there is no room to be had. I hope that at town meeting this problem can be eliminated.

We now have three new police officers added to the force which has helped to lessen the load. So far the new men have done a fine job and are being schooled in all types of law enforcement.

For the second straight year we were unfortunate to have a fatal accident, but it is my feeling that with the extra work done by the officers more serious accidents have been prevented.

The Hollis Police Association with President Charles Dow are planning money raising programs, such as dances, to raise money so that equipment may be bought without taking money from the budget.

Again this year I want to thank the Townspeople for the co-operation they have given and also I want to thank Judge Lates for another year serving the town in a job that he has done of which the town should be grateful.

HAROLD C. KING, Jr.
Chief of Police

HOLLIS MUNICIPAL COURT

Regular sessions of the Court have been held on Tuesday evenings in the Fire Station throughout the year with occasional special sessions as needed. There were, in all, 22 regular sessions and 8 special sessions. Fifty complaints were heard, the majority of which were traffic violations.

Details of the year's activities are:

Total cases disposed of		50
Total number of Court sessions		30
Total cash on hand in court Jan. 1, 1960	\$ 18.77	
Total amount of fines collected	415.00	
Total Receipts		\$ 433.77
Total amount of fines paid to state	\$ 166.50	
Court expenses	6.71	
Total amount paid to Town Treasurer	245.00	
Balance of cash on hand in Court Dec. 31, 1960	15.56	
Total Disbursements		\$ 433.77

Respectfully submitted,

DENTON V. LATES
Justice

REPORT OF FIRE CHIEF FOR 1960

Another year has gone by with Hollis continuing to keep the number of fire calls on the low side of normal. There were 27 calls listed as follows: Chimney fires, 4; smoke in house, 2; Town Dump, 1; grass and brush fires, 4; burning hay, 2; electric short circuits, 2; buildings, 5; false alarm, 1; lost person, 1; rescue, 1; resuscitator, 4.

The building fires resulted in the loss of 2 barns, 2 camps at Silver Lake and slight damage to a home on the Nashua River bank. Even though 2 barns were total losses, the attached and nearby homes and other buildings were not damaged. The fire at Silver Lake could have been much more extensive because of wind and weather conditions but was confined to only the 2 camps built close together.

These fires prove the value of being able to carry a water supply in our fire trucks and having several trucks working on different sides of the fires.

We also found that we have a new serious fire hazard that more people should be concerned about — namely barbecue units. Use barbecue units and materials with extreme care. They are hazardous due to flammable nature of starters, and retain their heat for a long time. Portable barbecues and charcoal should never be put inside until thoroughly cold.

Electric wiring in today's houses are carrying heavier loads so be sure to use correct size fuses.

Everyone should have fire extinguishers for immediate use around the home and other buildings.

The red phone continues to be a busy line with 219 calls in the year of which 55 were direct reports of fire, smoke or some emergency, 9 civil defense alerts, 101 calls for information, etc.

The Fire Department is as ready to help you prevent fires as it is to protect you after fires and other emergencies occur.

WARREN H. TOWNE

Chief

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed—all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First—by setting a good example YOURSELF—being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second—by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles—make sure they are out—use your ash tray.
5. Don't burn at home—use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires, 1.

Number of acres burned, $\frac{1}{4}$.

Number of permits issued, 195.

WINTHROP H. HANNAFORD
District Chief

WARREN TOWNE
Forest Fire Warden

REPORT OF TOWN FOREST COMMITTEE

Howard Parkhurst was hired to cut pine logs in the area west of the Parker Pond dam in November, 1960. About an acre was burned over a few years ago and the pine trees are dying. There is also a lot of thinning to be done nearby. When the snow came he was unable to operate there, so he began in the Wallingford Lot, where there is much limby pine to be thinned out. This year we are selling the logs delivered to Lorden's Mill. Previously we have sold the seasoned boards on grade. We wish to find out which system is the better.

In the winter of 1959-60 Howard Parkhurst finished salvaging the pine killed by beavers flooding the maple swamp. He thinned pine west of the Parker Pond dam until snow made it impossible to operate. He then cut in Potato Hollow area. All of these areas are in Spalding Park.

Also, in the winter of 1959-60 Kenneth Marvell did a great deal of improvement work (pruning, weeding and thinning pines) in the Wallingford Lot, north of the cellar hole. When the deep snow came he moved to Spalding Park, just east of the State Park line.

After this work was approved by the County Forester we were paid for part of the cost by the ACP. He will start another year's program after the first of the year.

When the Fire Department was loaned a four-wheel drive truck by the State Forest Fire Service the Town Forest Committee was given the old 1931 Model A Ford Chassis. Kenneth Marvel and his son gave their time and cut it into a tractor. It will be handy and will save valuable time reaching work areas. It should net the town more than it's resale value.

A forest fire pond was dug in Spalding Park at Potato Hollow. This is about $\frac{1}{4}$ mile east of the southeast corner of the State Park land. It is 40 ft. x 60 ft. sloping to 8 feet in depth in the middle. It was engineered by the Soil Conservation men and the ACP paid half of the cost.

A similar pond was dug near the south end of Spalding Park by the Hildreths. The half mile of road connecting the two ponds was cleared of trees and made passible for the first time in 50 years. This road goes over the very steep "Tyngs Hill." Near the latter pond there are a few large gumwood trees. These are a southern tree and are rare in New Hampshire.

One half mile of the old road just west of and parallel with the west line of the Ernest Dunklee tract was reopened. The State Forest Fire Service paid \$25.00, or half of the cost. Both ends connect with roads reopened in past years.

The items below are for OUR year 1959-60. They do not coincide with the Town or calendar year. Some of the items are in the 1959 and some are in the 1960 Town Report.

Digging Fire Pond	217.00
	\$ 2,628.21
Profit for Year	\$ 1.84

HENRY H. HILDRETH
Secretary, Town Forestry Comm.

HIGHWAY DEPARTMENT

The snow problem for 1960 was not too great, but the icy conditions were of a greater expense. However by buying salt in bulk, instead of bags, and using the new salt shed the latter part of the year, there was enough saving of money to pay for about half of the construction on the salt shed. Due to the extreme cold weather, sand and salt did not have the usual effect.

The usual amount of grading was done, and 132 feet of culvert pipe was replaced. One mile of shoulder work was done making it possible to surface the full width of the road. The pavement is gradually narrowing, due to the amount of sand and grass growing from the sides. Also some honing was done to eliminate some of the rough spots. More should be done this year.

Through the cooperation of Mr. Henry Hildreth, we are experimenting on brush control by spraying with a brush killer.

TRA construction consisted of completing .06 miles on Twiss Lane and .05 miles on Nartoff Road.

The town received \$765.03 from the Duncan Fund of the State. This money was spent in widening and some gravel on Jewett Road and Love Lane. Some gravel was also applied to Federal Hill Road and Rideout Road. All of these roads need even more gravel.

Along with spot graveling on the roads, the intersection of No. Pepperell Road and Flagg Road was widened and graveled. With the cooperation of the State Highway Dept., Public Service and the Hollis Telephone Co., some of the large dead trees were removed.

The Highway Dept. had found a new supply of sand and gravel in the south section of town, but is still looking for more in other sections.

Competent help is needed, but due to the uncertainty of the amount of take home pay each week, and the lack of benefits, it is very hard to obtain manpower.

Respectfully submitted,

CHARLES F. DOW

Road Commissioner

PARKS AND PLAYGROUNDS

The past season of 1960 being a wet summer required mowing lawns once a week, which in summers in the past after the middle of July very little mowing would be needed. Making our expenses run high.

The large rotary mower has cut our cutting cost down. We are in need of another mower. A reel type mower would do a much nicer job. Especially in the center of town. The town owns two rotary mowing machines and a third would help considerably in the rush season.

The new sidewalk has proven very satisfactory.

Sexton

Cemeteries

(Perpetual care money is needed)

Due to our stepped up program nine hundred and fifty dollars was taken in for perpetual care to be invested by the trustees, and interest money used for the care of lots.

The summer of 1960 showed a rising cost of maintainance due to the wet summer.

The two completed cemetery maps have proven worthwhile. Much repair work was done in the Church Cemetery.

We wish to thank the Hollis Historical Society for money and data in making this a success.

One side of the cemetery tool house has been shingled, also there are shingles to complete the other side.

Twelve lots have been sold in the new section, leaving four more to be taken. Then another section shall be loamed and seeded. A graveled road is badly needed.

The lowering device is to be repaired, and new greens are needed.

I wish to thank the persons who took time to help mow their lots. In a heavy growing season it is a welcome gesture.

I am quite sure that the spring of 1961 will show many sunken lots. Due to the heavy snow cover this winter, and neglect in the past to remedy the situation.

A central location for markers and flags would reduce the cost of maintainance.

KENNETH MARVELL

Sexton

ANNUAL TOWN MEETING, MARCH 8, 1960

Moderator, Warren Towne, opened the meeting at 10:13 A.M. by reading the Town Warrant, and declared the polls open for voting for Town Officers and the Presidential Primary. Voting continued until 7:45 P.M. when voting was suspended and the Articles in the Warrant were taken up. Rev. Seth W. Newton offered prayer.

Article 1. Selectman Lievens explained the budget, and the following changes were made. Motion by Erving Simonds to increase the budget for Civil Defense from \$100.00 to \$300.00. Seconded. Carried. Motion by Henry Hills to increase the budget for Planning and Zoning from \$200.00 to \$300.00. Seconded. Carried. Motion by Harold Farnum to increase the budget for Winter Roads from \$6,500.00 to \$7,000.00. Seconded. Carried. Motion by Richard Walker to increase the budget for Land and Buildings from \$250.00 to \$1,250.00 in order to build a storage shed for salt, thereby saving the Town \$600.00 a year in the purchase of salt. Seconded. Carried. Motion by Harold Farnum to accept the budget with the voted changes of \$1,800.00 additional. Seconded. Carried.

Article 2. Moderator Towne passed this article as the reports are published in the Town Report.

Article 3. Motion by Clarence Howe to authorize the Selectmen to borrow money in anticipation of taxes. Seconded. Carried.

Article 4. Motion by Clarence Howe to accept State Aid for the construction of Class V Roads and appropriate the sum of \$1,068.63. Seconded. Carried.

Article 5. Motion by H. Clifford Manning to authorize the Selectmen to distribute blank inventories at the time of appraisal. Seconded. Carried.

Article 6. Motion by Deane Simpson to assess a fine of twenty cents on each poll tax not paid by December 1, 1960. Seconded. Carried.

Article 7. Motion by Deane Simpson to raise and appropriate the sum of \$100.00 for the Merrinack Valley Association. Seconded. Carried.

Article 8. Motion by Edward Lievens to raise and appropriate the sum of \$1,000.00 to be placed in the Capital Reserve Account to be used for the purchase of a fire truck. Seconded. Carried.

Article 9. Motion by Harold Hardy to expend \$200.00 to construct a sidewalk from the Town Hall to Locke's Corner. Seconded. Carried.

Article 10. Motion by Richard Walker to amend the Zoning Ordinance by deleting the present Zoning Ordinance and its Amendments and replacing it with the Zoning Ordinance, Building Code, and Land Subdivision Authority as presented in the Town Warrant Appendix A. Seconded. Motion by William Lund to amend the motion to designate Wood Lane, including land 400 feet north and south of Wood Lane, from Federal Hill Road to Rocky Pond Road as a Recreational Area. Seconded. Carried. After a lengthy discussion on the original motion, there was a motion by William Quinton that discussion cease. Seconded. Carried. The original motion was carried to include the amendment.

Article 11. Motion by Erving Simonds to extend a vote of thanks to the Planning Board for their efforts in writing the new Zoning Ordinance. Seconded. Carried.

The meeting was recessed and the polls declared closed at 9:30 P.M.

The results of the balloting for Town Officers and the Presidential Primary were announced at 1:00 A.M.

The following officers were sworn in by Moderator Towne: Town Clerk, Bertha E. Duncan, and Deputy Fire Chief, Roscoe Brown. Fire chief, Warren Towne, was sworn in by Clerk Duncan. Other elected officers will be sworn in at the Selectmen's office on March 14, 1960.

Meeting was adjourned at 1:15 A.M.

BERTHA E. DUNCAN
Town Clerk

REPORT OF THE PLANNING BOARD

The Planning Board held public hearing on the revision of the zoning ordinance, building code and adoption of land subdivision authority in January and February as required prior to the Town Meeting, March 8, 1960. These ordinances were revised extensively to comply with the public opinions voiced at these hearings and then presented for vote at the Town Meeting and accepted by a large majority.

After adoption of the land subdivision authority, the Planning Board drew up a set of land subdivision regulations, held a public hearing on these regulations and adopted them for its use after revisions found desirable as a result of the hearings were made. A number of meetings have been held relative to proposed new subdivisions; however, no plats have been approved this year. There is only one sub-division plat pending revision of lot sizes before approval.

Respectfully submitted,

W. BOYD WESTON, Chairman
FRANCES BELL
WINSTON P. HAMBLETON
HENRY HILLS

REPORT OF TOWN AUDITORS

We have examined the accounts for 1960 of the Tax Collector, Town Clerk, Town Treasurer, Library Treasurer, Trustees of the Trust Funds and Selectmen and find them correct.

W. H. TOWNE
G. F. McENNIS

Auditors

Hollis, New Hampshire, February, 1961

Auditors

The Selectmen are pleased to state that under the amended zoning laws of 1960, more people have this year chosen Hollis as a desirable town in which to establish their new homes than ever before. We look forward to a further healthy, normal rate of growth in the years to come.

It is interesting to note that the 1960 census figures show a forty percent increase in Hollis population in the ten-year period.

Last spring, the intrepid Board of Selectmen made their annual pilgrimage to the long suffering taxpayers' property. In line with the statewide recommendations of the Tax Commission a complete reassessment was done of the town. The result was the net increased town valuation of \$350,000.00 and lowering of the tax rate by \$3.60. This induced much upheaval among the constituents. However, the State survey of Hollis assessments this fall averaged within one tenth of one percent of your Selectmen's figures.

The Board has been doing research to eliminate parking congestion in the church, library, town hall area. Therefore, in the near future certain restrictions on parking will be put into effect in conjunction with an off-street parking area.

A complete re-examination of the town's various insurance policies has been undertaken by the Board of Selectmen. New values have been set on much of the town property, and coverage has been improved and extended within the town departments and operations at a minimum cost. Particular emphasis has been placed on realistic town liability protection, in view of the present day high level of claims suits.

The above merely touches on the highlights of the year's activities. In conclusion, however, the year-end summary of the town's fiscal position shows a favorable balance of \$10,145.00. This is due largely to excellent cooperation by all departments, a healthy local business climate, and satisfactory management.

Excerpts from
THE COMMON SENSE OF PLANNING

By Richard Preston

In the N. H.-Vt. Municipal Manual 1960-1961 Edition

Long gone are the "good old days" when a city or town or region or state, for that matter, could more or less ignore its future. The economics of the mid-twentieth century are exerting far too much pressure. Community after community across the nation is finding out these facts of municipal life the hard way.

There is no need to waste the forces of change. There is no sense in resentment. These forces, once properly identified, can be applied to the profit and prosperity of each citizen and to the community of which he is a member. It takes work. It challenges leadership. It is commonly called "planning."

Unfortunately all too many private citizens and public officials react violently to the very measures that will assure prosperous living for individual and community alike. The reasons for this are as many as there are people. Basically the greatest cause is fear that private initiative, personal property, and individual freedom is being curtailed. It is "un-American" — to use a popular phrase in complaint.

It is not, of course. Far from it!

Restrictive measures for the greatest good are basic to any civilization. Their application by town meeting or elected officials is in every American tradition. Health, pollution, building code, and a hundred other measures in the public good are violations of the personal freedom "to do as one blamed pleases." Careless garbage disposal, sewage improperly handled, and dangerous housing are recognized as menaces to everyone. Regulation is essential.

The use of land for uncontrolled residential expansion has an effect upon communities which inevitably occasions financial crisis or disaster. Likewise overuse for commercial, industrial, recreational, and other purposes has brought many a community to its fiscal knees. A balance must be arrived at and maintained.

A carefully conceived community plan, placed in effect with community understanding and properly administered safeguards, benefits the landowner, the businessman, the manufacturer, the public official — taxpayers all. Man lives in the present and for the future. He strives for his personal prosperity and betterment. Candidly, his basic concern is for his own and then for his neighbor. Herein is further proof that planning is applied common sense. It is certainly not to his best interests if his life and livelihood are

threatened by fire, by flood, by drought, by plague, by crisis, or by the forces of progress. In recognition he surrenders certain rights to safeguard against the more obvious of these. It is only reasonable that he must act likewise toward the less obvious. Furthermore, man's ingenuity has taken certain elements that threaten him and turned them to his profit and comfort. In the forces of progress, the economic pressures of today are opportunities for greater profit and comfort. In planning, their utility is assured him.

In short — what is more common sense than to plan?

Col. Baker is president of the Concord Board of Realtors, president of the Greater Concord Chamber of Commerce, director of the N. H. Planning and Zoning Association, and chairman of the Bow Planning Board.

Excerpts From THE PURPOSE OF ZONING

By Albert S. Baker

In the N. H.-Vt. Municipal Manual 1960-1961 Edition

There are many definitions of zoning, but reduced to the simplest form, zoning is **the regulation of the use of land and buildings according to districts**. The power to enact such regulations is delegated to the towns by the state. This is an important fact, for in delegating the authority, the state has spelled out its extent and the manner in which it can be enacted. If we don't follow these directions quite carefully in all details, we can end up with an ordinance that is declared null and void by the courts.

The purpose for which zoning is enacted is two-fold: to carry out part of the comprehensive plan of a community, and to preserve property values.

A zoning ordinance, carrying out a land-use plan, allows a municipality to provide for the proper arrangement of the various elements that make up a community. Every settled town has a place where people come to obtain needed services and to buy the things they need for day-to-day living. Besides having a place to spend money, every well-developed town has a place to make money — an industrial district. Equally important are the residential districts where people make their homes, send their children to school, and attend church. And then there is another element that is becoming more and more important — the recreational district, which in New Hampshire and Vermont serves not only local recreational needs, but economic needs as well, and is an important part of the economic base.

Zoning ordinances also conserve property values by helping to eliminate certain poor building practices — practices relating not to the structure itself but to its location on the lot, and the size of the lot itself. These poor practices may include crowding the property lines, providing inadequate setback and yards, and utilizing small lots in areas where private water and sewerage must be provided. Practices such as these depress the value of the entire neighborhood, which in turn depresses property that is being soundly used and developed.

When a person buys a house, he makes probably the biggest single private investment in his life. He buys not only a particular house of a particular construction with so many rooms, but he also buys a piece of a particular neighborhood on a particular street. He buys a block of fresh air, peace and quiet, sunshine and perhaps a view. Now he can, by himself, keep his house painted, repair his shingles, and provide his family with comfort and warmth. But he cannot, by himself, maintain a quiet residential street, unpolluted air, peace and quiet, and his right to a view of the sky and light from the sun. Only in a zoning ordinance can he expect this kind of treatment.

As important as the ordinance itself is the way it is administered. The best ordinance is no good if it is not enforced with vigor, if it is enforced with favoritism, or if the board of adjustment grants every variance that comes its way.

Zoning should be based on thorough studies and a well-considered comprehensive plan.

Zoning should be tailored to meet the needs of the individual community.

Each provision should be reasonable and based on actual needs and not be arbitrary or confiscatory.

The method of administering the ordinance should be clearly spelled out.

The board of adjustment should be given suitable standards to guide its decisions for each special exception. Conversely, the planning board should not give the board of adjustment problems they cannot solve themselves.

A zoning ordinance should try to recognize all the land-use problems in a community and not just a selected few.

Mr. Preston is Executive Director of the New Hampshire State Planning and Development Commission, and is President of the Massachusetts consulting firm, Economic Development Associates.

Town Clerk

SCHOOL REPORT

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hollis qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 13th day of March 1961, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will vote to raise and appropriate a sum not to exceed \$500.00 for continuance of the School Building Study.

10. To see if the district will vote to raise and appropriate the sum of \$10,000.00 to add to the Capital Reserve Fund established March 7, 1960.

11. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire, or from any other source.

12. To transact any other business which may legally come before said meeting.

Given under our hands at said Hollis this 14th day of February 1961.

Tuesday, January 3, 1961	Friday, Feb. 17, 1961
Monday, February 27, 1961	Friday, Apr. 21, 1961
Monday, May 1, 1961	Approx. June 23, 1961
Holidays:	
October 21—Teachers' Convention	
November 24 and 25, 1961—Schools close at 12:15, Nov. 23, 1960	
May 30, 1961—Memorial Day.	

SCHOOL CALENDAR — 1961-62

Sept. 6 (Wed.)—Dec. 22 (Fri.) (Nov. 23, 24)	75 days
Jan. 2 (Tues.)—Feb. 16 (Fri.)	34 days
Feb. 26 (Mon.)—Apr. 20 (Fri.)	40 days
Apr. 30 (Mon.)—Approximately June 19 (Tues.) (Memorial Day, May 30)	36 days
	185 days

Schools close at 12:15 on Nov. 22. Teachers Convention Oct. 20—schools will close to encourage teachers to attend their convention. The closing date will be revised as the number of days for convention, workshop, or bad weather is known. Under any conditions, schools will close at the end of 180 pupil days.

FINANCIAL REPORT OF HOLLIS SCHOOL BOARD

For Fiscal Year July 1, 1959 to June 30, 1960

Total Receipts	\$149,888.02	
Total Payments	149,048.95	
Cash Balance, June 30, 1960		\$ 839.07

RECEIPTS IN DETAIL

SYNOPSIS OF SCHOOL MEETING

March 7, 1960

The annual meeting of the Hollis School District was called to order at 8:10 P. M. in the Lower Town Hall by Moderator Towne with about 65 voters present. Prayer was offered by Rev. Seth Newton. Moderator Towne read the Warrant Articles 1 to 13 inclusive and ruled that in all ballot votes the check list must be used.

Article 1. Warren Towne was elected Moderator.

Article 2. Kenneth Trow was elected Clerk.

Article 3. Carolyn Wright was elected a member of the School Board for the ensuing three years.

Article 4. Kenneth Trow was elected Treasurer.

Article 5. Voted to pass this by and to take it up under budget recommendations, Article 8.

Article 6. Since reports are printed in the Town Report it was ruled that they be accepted as printed.

Article 7. Clarence Howe and Edna Hill were elected auditors.

Article 8. It was voted that the district raise and appropriate the sum of \$164,549.08 for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 9. It was voted that the school district establish a capital reserve fund for the construction and equipment of additional school building facilities.

Article 10. It was voted that the sum of \$5,000.00 be raised and appropriated for the Capital Reserve Fund.

Article 11. It was voted that the district authorize the school board to make application for and to accept, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire, or from any other source.

Article 12. It was voted that the district close the Building Fund account and transfer the remaining \$329.34 to the General Fund.

Article 13. There was no further business to transact so the meeting was adjourned at 9:25.

Respectfully submitted,

KENNETH G. TROW, Clerk

THE SUPERINTENDENT OF SCHOOLS

ADMINISTRATION

This is the 44th in the Series, 22 of which have been mine. This being the last for me, I think back to the first and quote: "It is my plan to adjust myself to the organization as I come into it, to suggest changes only as the need arises, or a change will better serve the pupils in the schools". This philosophy still holds and the future will show how faithfully it has been followed. Welfare of pupils is the test of every action.

DUTIES

With a new Superintendent coming in and the present one retiring, I think it pertinent to recall what School Boards and Superintendents do. Space prevents listing all the activities which they collectively or individually perform.

A. School Board duties are:

- Elect teachers upon nomination of Superintendent and fix salaries and term of employment.
- Employ janitors and other employees.
- Authorize purchases.
- Provide suitable school facilities and transportation.
- Prepare budgets and see that proper accounts are kept.
- Hold meetings to transact business.
- Determine, upon recommendation of Superintendents, subjects to be taught and time devoted to each.

B. Superintendent's duties:

- Must give his entire time to the position.
- Enforces rules, laws, regulations that concern schools and the welfare of children.
- Directs and supervises the work of teachers and janitors.
- Nominates teachers (i.e., he seeks the candidates and asks the School Board to approve them.)
- Selects and purchases books and supplies.
- Keeps records and makes reports.
- Removes teachers who are immoral or incompetent.
- Provides substitutes and may secure fuel or other supplies if the School Board fails.
- Admits pupils, assigns them to class, promotes them and commends their graduation.

Just a quick glance at the above will show you the general duties. There are innumerable specifics that may or may not be covered by the above. Let it be said that the School Board is intended to be a policy-making and a legislative body. As such, it must act as a body with the will of the majority governing its actions. The Superintendent is the executive officer and the administrator for these actions, as well as those prescribed by law or regulation.

In general, let it be said that Education is a state function as outlined in Art. 83 of our Constitution. The General Court, in turn, has given authority to a State Board of Education and to local districts to perform certain functions with regard to schools. So in many respects there is a clear line of responsibility descending from the state to all its local units, and the reverse in ascending form.

TEACHERS

There were several changes in the teaching staff since the last report. Mrs. Tuttle, Mrs. Perham, Mrs. Sundstrom, Miss Hussey and Mr. Capon left for other positions or home reasons, and two new positions were created because of expanding enrollments. Some transfer of assignments took place to make way for the replacements. The replacements and new teachers are:

Roland C. Blanchard of Goffstown, Keene Teachers College—English in the High School

Mrs. Barbara Wilkins of Milford, U.N.H.—Math and Sciences in High School

Donald Brennan of Nashua, Keene Teachers College—Science in Elementary School

Raymond Tondreau, Jr., of Manchester, Keene Teachers College—Grades 5 and 6

Mrs. Frances May Reed of Nashua, Fitchburg Teachers College—Grade 5

Miss Carole Hannaford of Merrimack, Keene Teachers College—Grade 3

Mrs. Rosemarie Leppanen of Brookline, Fitchburg Teachers College—Grade 1

We now have 8 teachers at the High School and 12 at the Elementary Building with one who works part-time in each building. The offerings include, in addition to regular academic subjects in High School, Commercial, Shop, and Home Economics programs. In other words, Hollis High School has approval as a "Comprehensive High School". Grade 7, located at the Elementary Building, has departmental instruction in subjects, with transportation furnished to and from the High School for Shop or Home Economics.

FINANCIAL

I go back to 1940 again to review the budget presented there to find the total as \$18,065. for some 200 pupils. Twenty years later, the total is \$165,000 for some 445 pupils. I find also that the per pupil Elementary costs for the previous year were: Amherst \$72.63, Brookline \$62.09, Hollis \$63.92, Milford \$62.21, and Mont Vernon \$106.37 with the State median at \$81.07. Today's figures would read: Amherst \$241.33, Brookline \$197.69, Hollis \$231.47, Milford \$229.42 and Mont Vernon \$213.29 with the state average at \$262.00. As was stated in my first report; "these figures should point to the fact that your schools have not been conducted at excessive cost".

To give you some idea of the present high school costs as compared with some of your neighbors or the State, I present the following table:

1. Hollis	\$407.70
2. Hudson	410.68
3. Merrimack	457.15
4. Milford	342.99
5. Nashua	368.80
6. Wilton	375.94
7. State of N. H.	399.00

The above costs refer to current expenses for tuition purposes and do not include transportation and capital outlay.

FINIS

I invite your attention to all the other reports that are included herewith. They represent work accomplished and deserve your consideration.

As I pay my final respects to each and every one of you, it is with appreciation and gratitude that our relations have been so mutually cordial and cooperative. As a farewell gesture, I desire to commend all my friends for their patience and forbearance in my humble undertakings and to forgive my enemies. I want to leave with nothing on my conscience. I know I leave with much unfinished work. But, so it is with any who lays down his labors for another to take up. However, I am still alive and hope to continue a lively interest in your affairs. I shall think about them often.

So, with this, I say "Au Revoir".

Very respectfully,

HAROLD C. BOWLEY

Superintendent of Schools

January 16, 1961

REPORT OF OUR HELPING TEACHER EXCEPTIONAL CHILDREN

An exceptional child is one who for one reason or another requires special attention in order to maintain himself in the educational process. He is one who differs physically, emotionally, or intellectually from his classmates and whose needs must be met according to these differences. It has been said that the quality of a school's service to all its pupils is related to its efforts with the exceptional pupil.

The grouping practices in the schools in Supervisory Union #40 have been an attempt to consider the individual differences to be found among our children. For a majority of them these needs have been met to a considerable degree. Most of the teachers realize that mass production may be desirable in a factory but impossible in education. They are concerned with the varying factors of exceptionality which if not considered through special programs prevent the child from achieving according to his own ability. Although we recognize that individualized instruction is the best possible way to educate any child its cost in additional teachers would be prohibitive if all children were to receive this type of education. Our large average group seems to be adequately cared for by our present grouping practices. To a great extent the fast learning and the gifted seem to be sustaining less and less loss as the teachers are becoming increasingly aware of their needs and are providing enrichment and acceleration which offer them the challenges they require. We realize that the problems of motivation, instruction and guidance may reach a better solution within the classroom when children are grouped with others of similar abilities. This has been quite evident since the inauguration of our present program which starts and continues with the premise of a child's readiness for the subject matter and concepts to be acquired.

In spite of this practice we find a few children who receive insufficient benefit from it because of the very nature of their exceptionality. These are the pupils who are so outdistanced by the more rapid learners that they must be given a great deal of individual attention in order to maintain themselves within the classroom. Their instruction must be individualized. This involves special teaching techniques, the use of separate and different materials, extra help and drill. This has been proven the best if not only way to provide them with an educational opportunity equal to that of other pupils. Past methods have been inadequate and in many instances detrimental. Behavior problems are engendered when the pupil repeats grade after grade and finds himself with much younger children. Social promotions may help the pupil in one way but

cannot solve the problems created when the teacher must take time from the rest of the class to give him as much of her attention as is necessary to teach him even a minimum of subject matter. Often he vegetates in one room after another, getting what little he can but seldom as much as he is mentally able to acquire. He remains an underachiever. If these children were together as a group rather than scattered throughout the several schools within the Union their needs might be more adequately met.

NEED FOR A PROGRAM

At the request of the Union School Boards I have attempted to identify these children and to present an acceptable program which will bring together these children from Amherst, Brookline, Hollis, Milford, and Mont Vernon. 86 children were individually tested after being selected by teacher recommendation and information obtained from guidance folders based upon previous tests. About 45 of these pupils were considered eligible for special classes and represent slightly over 3% of the 1391 children in the present Grades One through Six. Considering the vast amount of individualized instruction necessary to teach these children it is customary to limit the class size to about 16. We hope to have two classes based upon chronological ages and that will be offered the type of program suitable to each age group. Provision for the location and costs of maintaining this program are considered elsewhere in the school report. Each district will have an opportunity to participate in this venture—a program which will at last care for the educational needs of these children. The costs given are a maximum with quite favorable prospects of being reduced. The outlook for legislative action this year is very encouraging. Financial help from the state may be forthcoming.

The School Boards and Superintendent of Supervisory Union #40 are to be commended for their interest and efforts in behalf of this program to the end that all children shall have an equal opportunity for an education. I wish to thank them along with the principals and teachers, parents and friends who have made this past school year an educationally profitable one for so many of our children.

Respectfully submitted,

MABEL I. CONNOLLY
Helping Teacher

HIGH SCHOOL PRINCIPAL'S REPORT

February 6, 1961

Mr. Harold C. Bowley
Superintendent of Schools
Milford, New Hampshire
Dear Sir:

I herewith submit my second report as principal of Hollis High School.

School enrollment: Grade 7, 41 pupils; Grade 8, 32 pupils; Grade 9, 21 pupils; Grade 10, 23 pupils; Grade 11, 25 pupils and Grade 12, 12 pupils.

The following is a list of subjects presently being taught in our schools:

SENIOR HIGH SCHOOL

Advanced Math
Art
Biology
Bookkeeping
Civics
Contemporary Problems
Elementary Algebra
English 9
English 10
English 11
English 12
French II
French III
General Mathematics
General Science
Geometry
Guidance (all pupils)
History of Civilization
Homemaking II
Homemaking IV
Intermediate Algebra
Latin I
Latin II
Music 10, 11, 12
Office Practice

Homemaking 8A, 8B
Mathematics 7A, 7B
Mathematics 8A, 8B
Music 7, 8, & 9
Science 7A, 7B
Science 8A, 8B
Shop 7
Shop 8
Social Studies 7A, 7B
Social Studies 8A, 8B

Pupils having perfect attendance records from January 1960 to December 1960:

Grade : Cheryl Reed

Grade 8: Gerald Bell, Charles Twichell

Grade 9: Nancy Parkhurst

Grade 10: Winthrop Bennett, Terry Helsing

Grade 11: Peter Helsing, Lorinda Stickney

Twenty-four seniors were graduated in June 1960. At present thirteen (13) are in four-year colleges or universities; five (5) are furthering their education elsewhere; three (3) in service; three (3) are working.

SCHOOL ACTIVITIES

January to June 1960

Valentine Ball

Christmas Pageant

Betty Jane Twitchell, Joy Anderson and Clark McEnnis won honorable mention at the State Science Fair held at Dartmouth College.

Sally Lupien won the Bausch and Lomb Science Award and Mark Simpson placed second in the state-wide Oral Foreign Language Contest. David Foster was awarded a medal for outstanding accomplishment in Latin.

Betty Jane Twitchell was chosen the valedictorian of her class and Nancy Brown the salutatorian of her class.

Sally Lupien and Donald Chase were the recipients of the Women's Club Scholarship.

Susan Lates and Philip Scott were awarded a medal for proficiency in History by the American Legion.

Robert Kibby was selected to go to the Conservation Camp sponsored jointly by the D. A. R. and the Pennichuck Sports Club.

Mark Simpson was selected to go to Saint Paul's School for summer study in Russian and English.

The following have entered schools of higher learning:

- (1) David Foster—Columbia
- (2) Clark McEnnis—Columbia
- (3) Betty Jane Twitchell—Univ. of Vermont
- (4) Joy Anderson—U.N.H.
- (5) Susan Hopkins—U.N.H.
- (6) Anne Coniaris—U.N.H.
- (7) Nancy Brown—Bryant College
- (8) Donald Chase—Central Missouri State
- (9) Ernest Marvell—Central Missouri State
- (10) Elizabeth Bennett—Nashua Business College
- (11) Sally Lupien—American University
- (12) Maxine Manning—Colby Junior
- (13) Kathleen Spence—Gordon College
- (14) Philip Scott—Tufts University
- (15) Susan Lates—Connecticut College
- (16) Patricia Hebert—Granite State Hair Dressing School
- (17) Diane Pineo—Weaver Airline Stewardess School
- (18) Dorothy Mullen—Albert Einstein Nursing School

On June 4th students in Homemaking and Shop displayed projects made in their courses throughout the year.

Frank Whittemore and Jeanne Mathews represented Hollis in Boys and Girls State respectively which is sponsored by the PTA.

The shop program has been expanded to include a second course in shop. We have moved the eighth grade to the high school and added a new teacher to the staff. The shop and exterior of the school have been painted. New equipment was added to the shop and science laboratory.

Approximately 100 new books have been added to the Library and the PTA gave us 200 additional dollars for books and periodicals. The PTA also gave us \$100 for 7th and 8th grade basketball uniforms and other items. This year General Science is required by all Freshmen. A limited Remedial reading program was introduced. Judy Twombly was chosen the D.A.R. representative. Sylvia Mullen was selected the Betty Crocker Homemaker winner. Frank Whittemore was elected President of Monadnock Regional Student Council. A National Honor Society Chapter is being organized at the High School.

We have also inaugurated an Honor Roll and a Dramatics Club.

Seven of the ten students who entered the Prize Speaking Contest at Laconia were selected to compete in the Finals at the University of New Hampshire.

Several students in the June graduating class were placed in advance classes in math at different schools. Some students ranked high enough in their language placement tests so they had the opportunity to waiver their language requirements in college.

With the new Language Lab to be a reality, I feel we should limit our Latin to two courses, put more emphasis on the continuing of one course in modern foreign languages.

Lengthening the school day by 12 minutes would enable a better scheduling opportunity without causing too many conflicts.

I feel that the rapport between the student, faculty and parents is most commendable. The tone set by the faculty, which in essence is to have the student excel, has been felt throughout the school. I wish to thank the members of the Board of Education, Superintendent of Schools, parents, teachers, pupils, and townspeople for the fine cooperative spirit which enables us to meet the demands and ever increasing needs that our society has created.

I especially wish to thank Mr. Bowley for his fine leadership and guidance; although he will retire next year, his spirit and philosophy will certainly be with us.

Respectfully,

GORDON THORBURN
Principal

PRINCIPAL'S REPORT

Elementary School

Mr. Harold C. Bowley, Supt. of Schools
Milford, N. H.

I herewith submit my report as principal of the Hollis Elementary School.

Our enrollment continues to climb as the enrollment in the first six grades in September was 280 as compared with 249 a year ago. Grade seven, housed in the elementary building, had 39 making a total enrollment of 319. Eighteen pupils entered while fifteen transferred making an enrollment of 322 as of January 31st.

33 pupils have had perfect attendance to date.

Our teaching staff and Helping Teacher remain the same with these exceptions and reassignments:

Miss Virginia Ferguson and Mrs. Rosemarie Leppanen	Grade I
Miss Louise Snow and Miss Emily Plante	Grade II
Miss Carole Hannaford	Grade III
Miss Sheila Murphy	Grades III & IV
Mrs. Mildred Foote	Grade IV
Mrs. Frances Reed	Grade V
Mr. Raymond Tondreau	Grades V & VI
Mr. Donald Brennan	Grade VI

It was necessary to have two first and two second grades due to the large enrollment, our largest class being Grade II with 60 pupils.

Grades 6 & 7 are departmentalized for more effective teaching.

Miss Connolly and I have been working on an ungraded system of ten levels to be known as the Hollis Plan to take the place of Grades I-IV which will enable all pupils to move along as fast as their individual abilities will allow. This has been approved by the superintendent and school board and will go into effect in September. You will hear much more about this in the near future.

Music in all grades on Thursday and Art in Grades V - VII remains the same as last year.

ACTIVITIES

A polio clinic was held in April followed by the annual pre-school clinic in May with about 90% of the entering class attending.

Memorial Day exercises were held in the individual rooms due to the large enrollment.

During the summer all playground equipment was repaired and painted with many pieces being reset. A jungle gym and horizontal bars were added. Many parents should be commended for their hard work on the grounds.

Miss Connolly, assisted by the primary teachers, gave the Connolly Reading Readiness Tests in August to the children about to

enter school. These were followed in September by an intelligence test the results of which helped us greatly in determining their degree of readiness for reading and proper placement.

Our testing program has been revised and strengthened by the purchase of many new kinds of tests. Grades and subjects tested to date are:

Grade 4—Arithmetic and Work Study Skills in October

Grade 5—Intelligence in October

Grade 5—Reading and Language in October

Grade 7—Basic Skills in December

Grade 3—Intelligence and Reading in January.

Other grades will be tested in April and May.

A reception for the faculty was held at the October meeting of our very active P.T.A. They have donated \$100 for the purchase of library books. An anonymous donor has also given us \$100 for science equipment. We are very thankful for these donations.

Physical examinations were given to all pupils of Grades 1-4 in October by Dr. Law of Milford, the school doctor, assisted by Mrs. Marion Gangloff, the school nurse. These were followed by vision tests for all pupils.

American Education Week was observed throughout the second week of November. Open House was held on Monday evening.

Our second Book Fair, under the able direction of Mrs. Henry Hills, proved a great success. We wish to thank all parents and townspeople for their support.

Mrs. Katherine Hammond, our speech consultant, is giving instruction weekly to sixteen pupils.

Mrs. Mary Larrabee, assisted by four cafeteria workers and volunteers from the P.T.A., manage the hot lunch program making it possible to serve the pupils (about 80% of our enrollment) within an hour.

The state bookmobile visits our school about four times a year. We are able to obtain many reference and leisure reading books each time. Bus transportation is provided for one grade each Wednesday to the public library.

We hope to join the other hundreds of N. H. schools in the use of television for science, social studies, and music in the near future.

With the steadily increasing enrollment a non-teaching principal would become a much more effective administrator.

I wish to express my sincere appreciation for the cooperation and help given to me by you, Miss Connolly, the School Board, Teachers, Parents and Townspeople.

Respectfully submitted,
MADELINE DENAULT
Elementary Principal

GENERAL STATISTICS FOR THE SCHOOL YEAR

1959 - 1960

Number of pupils registered during year:	
Boys 200; Girls 211	411

REPORT OF THE SCHOOL NURSE

277 Main Street
Nashua, N. H.
February 20, 1961

To whom it may concern:

A series of clinics under the sponsorship of the Federation of Women's Clubs, were held in Hollis—at the Elementary School this year.

In April preschool and school children and those adults present, who desired it, were given their fourth or booster shot of Salk vaccine.

Three hundred and fifty-one inoculations were given including 10 adults and 341 children.

Fourteen preschools received small pox vaccinations at this time.

Doctor Alexander Law of Milford and Doctor D. N. Matsis of Nashua were at the clinic table assisted by the following registered nurses: B. Muzzey, M. Colby, J. Larsuis, M. Spaulding, B. Wright and M. Fahey.

Clerical workers were Mrs. Bell, Mrs. Ferguson and Mrs. Moore. Mrs. Madeline Denault, school principal, was chairman.

Also in April the first evening clinic was held at which adults and children alike were offered a first, or any, needed shot of Salk vaccine. The second shot was given in May and in December, seven months later, the third of the series of shots was offered. In December of '61 the final clinic will be held to give the 4th or booster shot to all needing it.

Doctor D. N. Matsis and Oscar Burns were assisted by B. Muzzey, M. Gangloff, M. Spaulding and M. Fahey, R. N's. Mrs. Ralph Hardy and Mrs. Etta Pritz performed registration duties for the women's club. State Department of Health furnished Salk vaccine and small pox vaccinations.

Respectfully submitted,

MARIE FAHEY, R. N.
State Nurse
